

BRAVO DOLLY

Specifically designed for changing ramp operations.

Easily transport variable-size pallets and containers with the Bravo Dolly. Multiple position pallet stops and restraints provide versatility for ever-changing workloads. Newly engineered stops help improve ergonomics for the operator. Engineered with lighter-weight, high-strength steel, the Bravo Dolly can maneuver 15,000 lbs. capacity. Sealed bearing rollers and casters prevent wearouts and maximize longevity.

KEY FEATURES

1. Lighter-weight, high-strength steel construction provides increased durability, reduced fuel consumption and less wear and tear
2. Interchangeable FAST Components minimize replacement parts inventory
3. Newly engineered stops improve ergonomics for the operator
4. Self-adjusting braking system assures stoppage after long-term wear
5. Tire wear indicator reduces unexpected maintenance time and costs
6. Fully compatible with the new FAST EasyLift™ Towbar System

OPTIONS

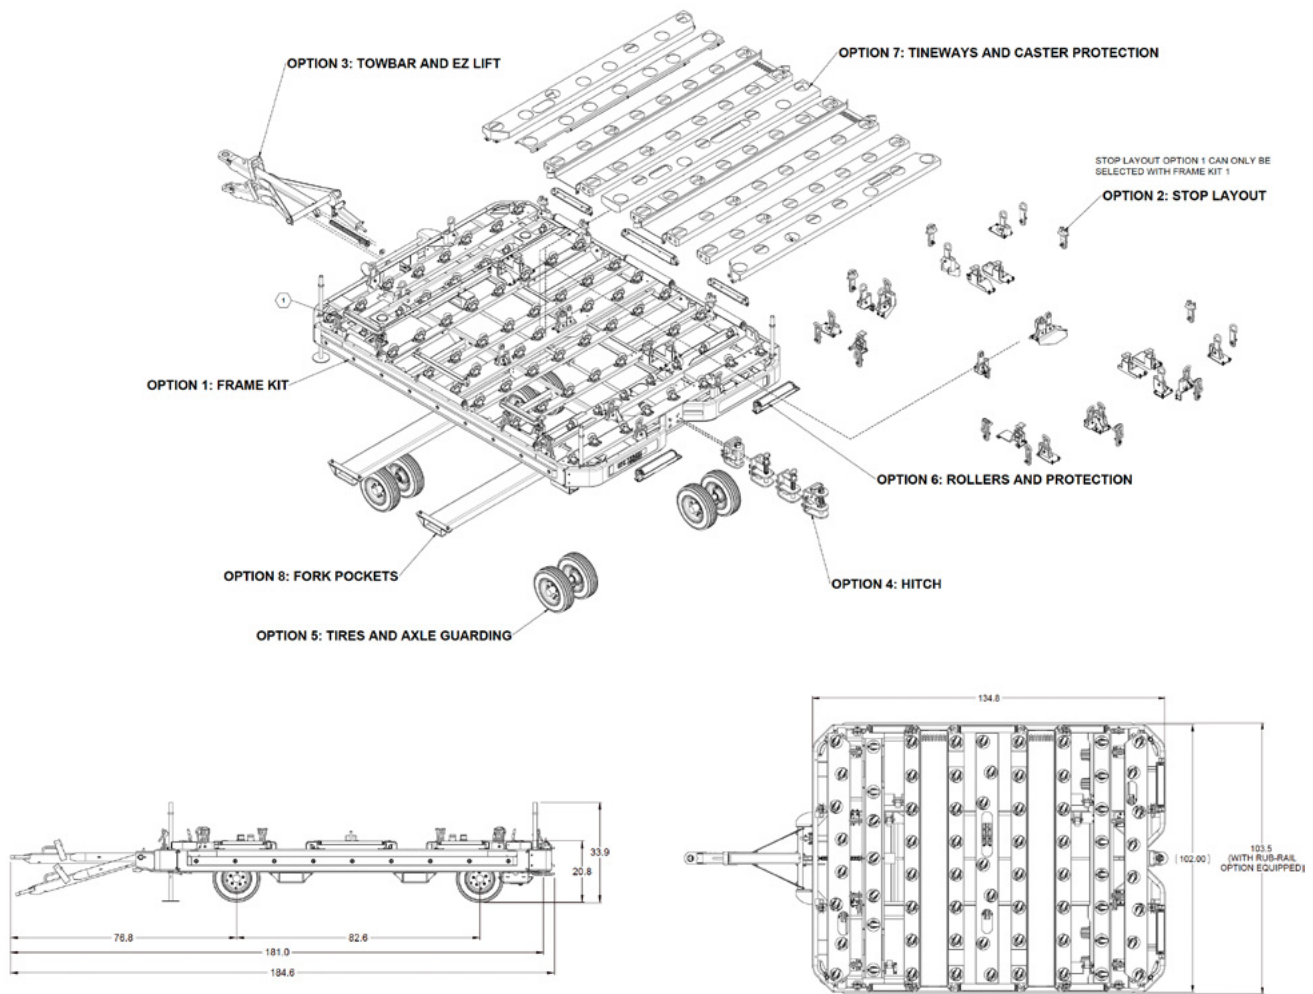

- Bolt-on stops
- Bolt-on caster protection
- Bolt-on roller protection
- Tineways/walkways
- Fork pockets
- Hitches
- Trash guards
- Towbars
- Dimpled side frames
