

# CASTER DECK SOLUTIONS

## Lift. Weigh. Move. We Do It All.

Full line of caster deck solutions for easier manual movement of ULDs, cargo carriers and solid surface pallets. Constructed of heavy-duty steel with non-skid walking surfaces, each can be customized in size with optional roller, caster or ball deck surfaces to best fit the application.

### ALL DECKS FEATURE

- Optional caster, ball or roller deck surfaces
- 360-degree swiveling phenolic casters or steel balls allow loading or unloading in any direction
- Steel rollers provide bi-directional movement only
- Sealed casters and rollers to minimize maintenance and maximize longevity

**EXPLORE  
SOLUTIONS**

## Caster Decks

Built to specifications for each operation, with heavy-duty construction for use inside or outside.

## Caster Deck Scales

Combination caster deck and heavy-duty scale platform to quickly and easily weigh large ULDs and cargo containers.

- High-profile LED readout panel for ease in weighing
- Heavy-capacity load cells

## Caster Deck Scissor Lift

Stationary lift designed to provide seamless transfer of ULDs from dollies or trailers to dock doors or decking.

- Hand rails provide additional safety and mounting structure for master control panel
- Platform height adjusts from 20–72 in.
- Hydraulic lift cylinders allow for smooth, reliable operations

**A world leader in airline, air cargo and material handling equipment for over 45 years.**

FAST Global Solutions designs, builds, installs and services an expansive portfolio of robust, ruggedly-built, dependable equipment for today's global commerce operations. To learn more, contact the knowledgeable and experienced FAST Team.
