

ROLLER RACK

Durable racks handle cargo with ease.

Keep a low profile with these durable, 6 in. tall (15 cm) racks that are perfectly suited to air freight handling. Racks have a low profile and take on 15,000 lbs. (6,804 kg) of cargo.

KEY FEATURES

1. Manual, spring-loaded and detented pallet stops
2. Non-skid walkways
3. Sealed roller bearings keep contaminants out for long-lasting use
4. Four tineway pockets on sides and ends ensure easy maneuverability

OPTIONS

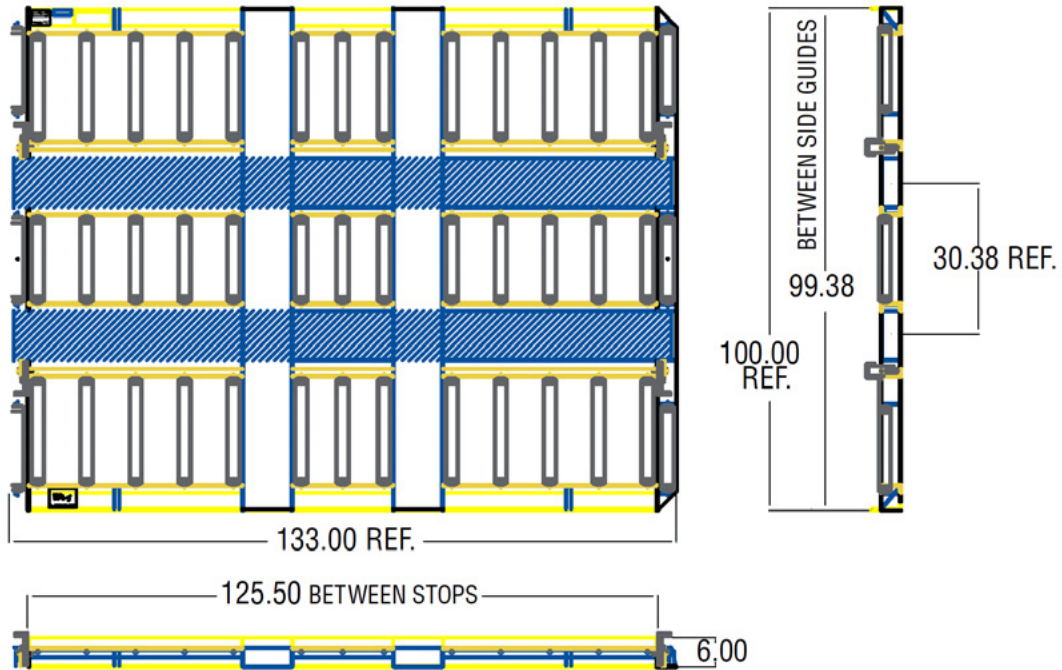

- Opt for side-load designs and connecting links so racks seamlessly adapt to any situation
- Custom designs accommodate any size of pallets
- Anti-slip walkways to increase safety
- Hot-dip galvanizing option for greater durability versus painted components
- Gaps between the rollers can be filled to suit industry-specific needs
