

# SPIRAL BOX CREW STAIRS

## KEY FEATURES

1. Durable, lead-edge rubber bumpers protect the aircraft
2. Adjustable height
3. The tubular steel main frame easily supports as much as 1,000 lbs. (454 kg)
4. The towbar-actuated parking brake effortlessly secures each unit
5. Premium casters move the solid urethane tires into place with a 10 in. (250 cm) diameter swivel

## OPTIONS

- Choose from fixed or adjustable height options. The fixed 185 in. (4.7 m) height gives stability at a common loading height while the adjustable height, from 171–195 in. (4.3–5 m) offers flexibility for various aircraft.
- Optional hot-dip galvanizing provides additional corrosion resistance.

## Stability at fixed and adjustable heights.

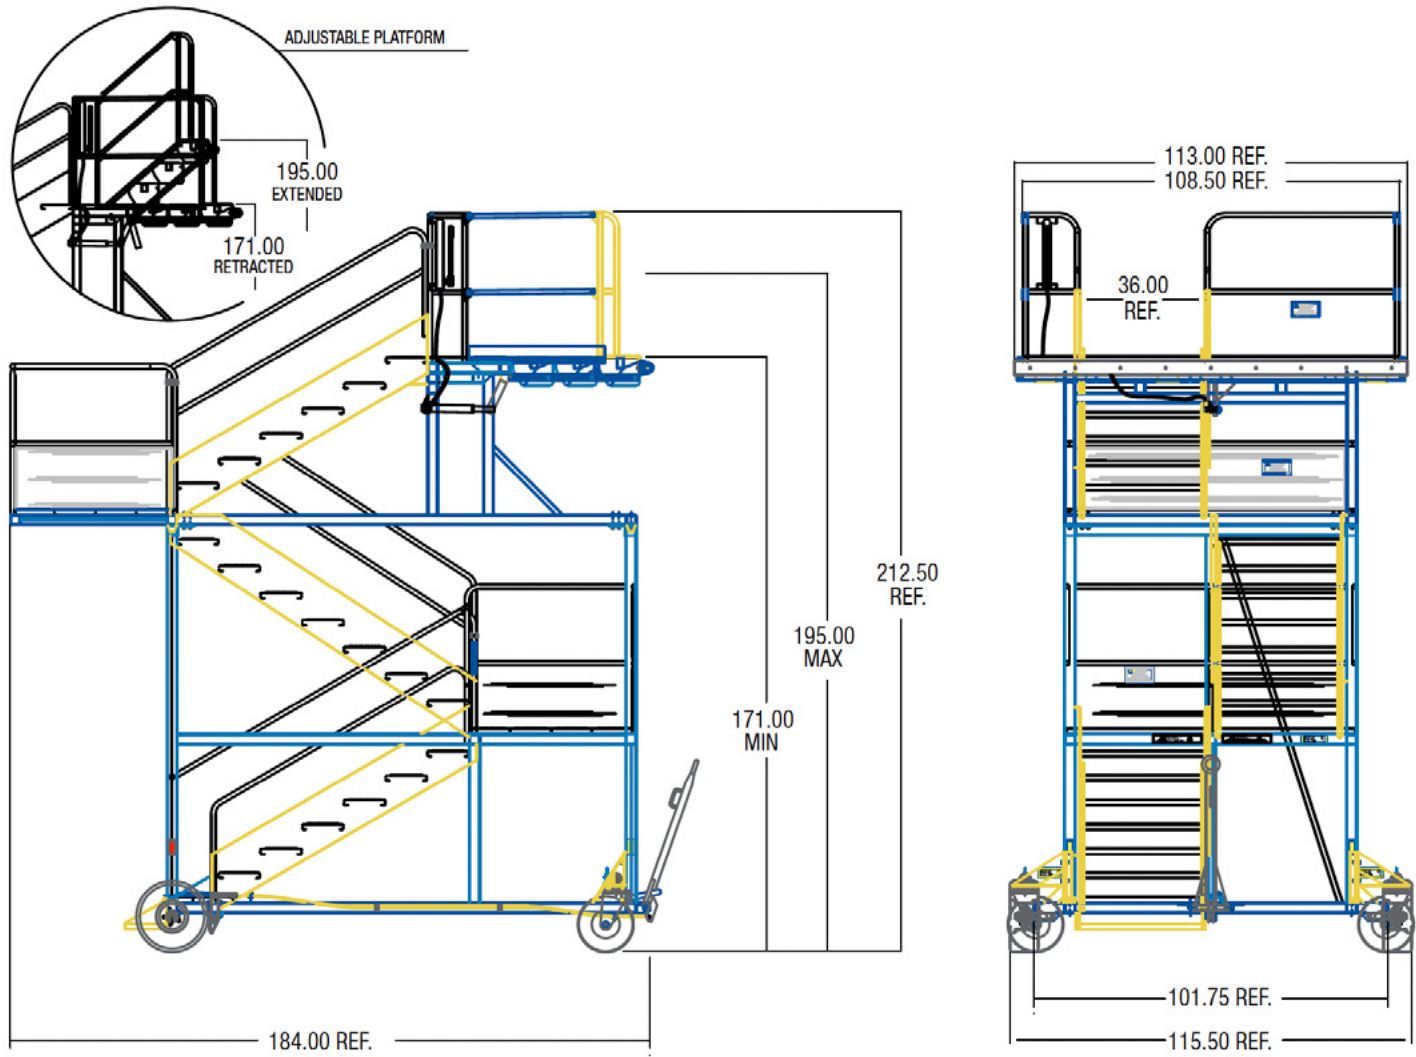

Get more platform space and greater stability to keep your crew members safe with fixed or adjustable height spiral-box stairs.
