

# STATIC RACKS

## Ultra-durable racks handle cargo with ease.

Move containers and pallets easily across durable roller or inverted casters, and then lock into place with heavy-duty pallet stops for years of ongoing use. Easily adjustable configurations will quickly suit your needs.

Up to 15,000 lbs. (6,804 kg) cargo capacity, so there's never a worry about being able to hold a load.

## KEY FEATURES

1. Choose bulkhead or flow-through designs, or bolt units together to form a transfer table for versatile use
2. Non-skid paint applied to tineways
3. Pallet stops on the sides and ends accommodate a variety of configurations for both containers and pallets

## OPTIONS

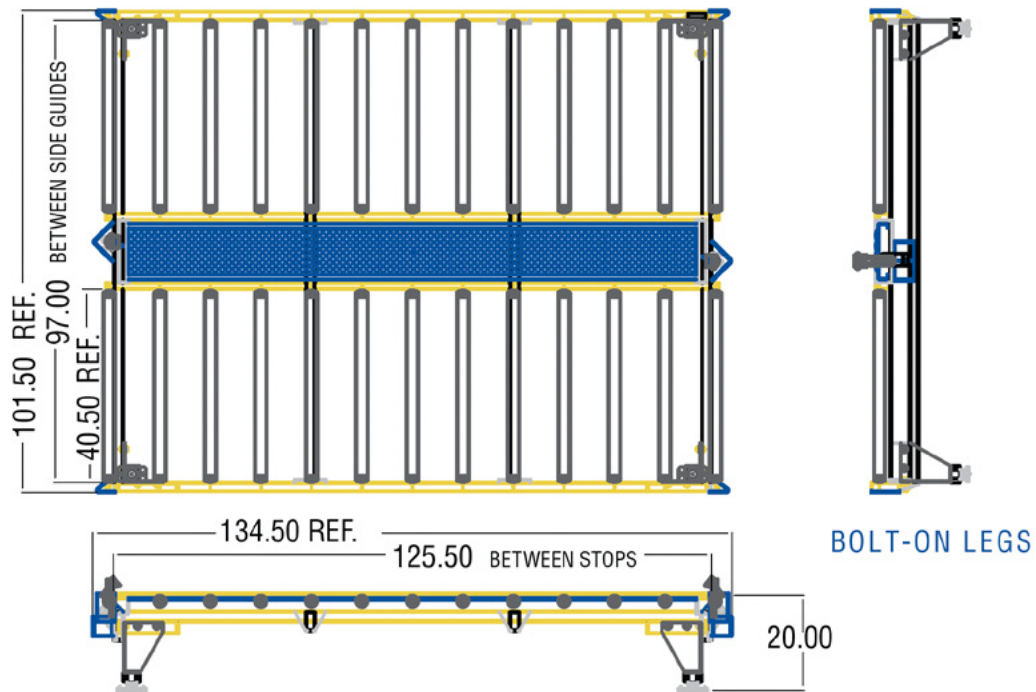

- Adjustable bolt-on or weld-on legs to adapt to changing needs
- Anti-slip walkways further enhance safety
- Hot-dip galvanizing provides greater durability on painted steel components
- Inverted caster configurations available
