

TOWABLE CREW STAIRS

Move, adjust & level with ease.

Get crews to heights of more than 18 ft. (5.5 m) with easily maneuverable stairs designed for stability.

KEY FEATURES

1. Movable top handrails accommodate any aircraft door opening
2. Vinyl-padded bumpers on the leading edge protect aircraft from damage
3. The steel main frame supports 500 lbs. (227 kg)
4. Single-point hydraulics raise the entire unit, eliminating the risk of damage
5. Additional stabilizer strut keeps the stairs flat and stable
6. Two manual screw-type leveling jacks ensure stability

OPTIONS

- The industry's only parallel stair placement option comes from FAST Global Solutions. If perpendicular alignment interferes with plane loading or maintenance at your location, simply request a parallel placement option.
- Optional hot-dip galvanizing provides additional corrosion resistance.
- Choose from two height options: Up to 150 in., or up to 216 in.
